

FPZV USA Registration Process

Part 1; Fill out and send in the Birth Report and Registration Form with fees.

You must be a current member of FPZV USA

Part 2; You will be mailed a packet containing;

- 1 Microchip
- Swirl and Markings form
- Instructions for your vet
- Addressed envelopes, one to FPZV USA and one to UC Davis

You will need to schedule a veterinary appointment to insert the microchip, fill out the Swirl and Markings form.

Part 3; After FPZV USA receives the following, you will be issued temporary papers while waiting for permanent registration from Germany.

Forms required for registration of all FPZV USA horses;

- Birth Report and Registration Form
- Swirl and Markings form
- A copy of the Dam's registration papers
- A Mare Lease form (only if the dam is registered with FHANA or is Leased from someone else)
- Stallion Breeding Certificate and also Stallion Report, for the year of breeding, to produce the foal being registered
- Annual Mare Breeding Report for the Dam of foal being registered
- DNA Results from UC Davis (automatically comes to FPZV USA office)
- Embryo transfers require additional documents, please notify the office

The registration process can sometimes take time. Depending on DNA results and documents submission as well as the work load in the FPZV USA office and the FPZV office in Germany.
